

**1972 BMW 2002 Ti  
Original race car  
Netherlands registration**

This epic motor car was built to group 2 specs in the seventies and was initially painted in Blue and raced under the name: "Der blaue Engel".

In the nineties she was modified to Grp 4 spec and raced by Chris Bouwman of Belgium who also applied the attractive White/BMW sport color scheme.

The car features a full race engine, the ultra rare Getrag Dog leg motorsport gearbox, Limited slip, adjustable coil overs, roll cage and high capacity fuel tank.

The car is in good running condition and would only need some limited maintenance to get back on the track.

Absolutely no rust ! A real race car !

Comes with 5 BBS sectioned 13 inch wheels as well as 6 ultra rare Gotti's.
